## GAP FEE WAIVER DURING REMOTE LEARNING

The Premier announced last week that remote learning will extend for another 4 weeks. As such your gap fee will continue to be waived during this period whilst your child is not attending Inspire.

If you have already requested suspension on your account, thank you for getting into contact with us. We will extend the suspension for the duration of the stay-at-home order. If you have not contacted us, we will ensure that staff are rostered on accordingly to collect your child from school.

Please note that while your account is suspended, our CCMS platform does not allow options for a casual day. If you would like your child to return to Inspire, your suspension will automatically end and you will be charged as normal.

**We can also confirm that families will not have to use their 42 days of allowable absences during the suspension period**

## THE BEAST BADGE CHALLENGE
